The Milwaukee company charged from \$13 to \$15 per car for this switching, the charge being greatly in excess of the joint switching rates fixed by the State railroad Commission. On complaint of the consignees, the commission ordered the company to switch cars at rate fixed The company refused and the case went into court. Judge Nev holds that the contract between Fengler and Schwaegler and the Oil company at Lima, Ohio, is an interstate commerce contract and that the board of railroad commissioners of Iowa has no jurisdiction to remedy the grievance arising thereunder. The plaintiff's petition was dissmissed. The case will now go to the Supreme Court on appeal.
